SAFEGUARDING CHILDREN

Use of Mobile Phones, Digital Photography & Social Media Policy

Policy Statement

We take steps to ensure that there are effective procedures in place to protect children, young people, and vulnerable adults from the **unacceptable** use of mobile phones and cameras in the setting.

Children have their photographs taken to provide evidence of their achievements for developmental records (The Early Years Foundation Stage, EYFS 2014).

Staff, visitors, volunteers and students are not permitted to use their own mobile phones to take or record any images of Preschool children for their own records during session times or in connection with their work for the Preschool.

Procedures:

- Under General Data Protection Regulation 2018, the Preschool must seek parental consent to take photographs and use video recorders. This consent is included in our Registration form.
- Photographs will be stored on the Preschool computers in the Preschool office and the playroom. The stored photos will be saved until the Preschool ceases to operate, should this occur then all photographs will be shredded or deleted from the Preschool computers.
- The digital camera/s, memory cards and iPads used in Preschool will not leave the setting until photos are either downloaded to the computers or printed in the Preschool by staff and images then removed from the devices.
- Photographs taken on the iPads will remain on the Preschool iCloud account, until they are permanently deleted at the end of each half term.
- Photographs may be taken of the children as they play, take part in activities and on special occasions. These photographs will be uploaded on to Tapestry (our online Learning Journeys), for parents to see and used for displays within the Preschool.
- Often photographs may contain other children in the background. Parents are asked to sign consent for photographs where their child is in the background, to be included in any observations uploaded to Tapestry.
- We may also use them to advertise/promote our preschool via our website (beetley-preschool.org), on our notice boards in Elmham Road, at the entrance of the school gate by the car park in Fakenham Road and in the media. Permission for this is included in our Registration form and no names will be included.
- We are unable to control how any images that are issued to the media are then used and shared by third parties.

- Events such as, Sports day, Outings, Christmas and Fundraising Events may be filmed or photographed by staff and parent/carers but always in full view of all attending.
- We will **not** put photographs of the children on our Facebook page and ask parents who are taking photographs at special events, not to share them on any social media networks.
- Many mobile phones have inbuilt cameras, staff mobile phones should not be carried around in staff pockets and should be left in the Preschool office either in their bags or in the tray on the small filing cabinet, failure to comply with this could lead to a disciplinary procedure.
- Staff may only use their mobile phones during their break at lunch time in the Preschool office.
- Parent/carers and visitors may not use their mobile phones whilst on Preschool premises. Signs are displayed on the entrance gate and the door into Preschool, asking visitors not to use their phones.
- In cases of a personal emergency all personal calls should be directed through the Preschool landline 01362 860860.
- The Preschool's mobile phone is kept in the top drawer of the office desk and has no camera facility.
- It is the responsibility of all staff to delete all photographs stored on a digital camera after transfer to the Preschool computer for printing purposes.
- It is the responsibility of the settings manager/deputy to approve photographs for use on displays and for marketing purposes.
- Staff are not allowed to accept parents/carers of children in the Preschool, as friends on social media sites unless, they are related to them, or they were friends on social media prior to their association with the Preschool. One other exception is where the parent/carer is a committee member and is part of the committee Facebook group.
- All staff are asked to have signed the 'Professional Conduct Agreement' with regards to their use of and behaviour on social media, access to and the use of the internet.
