Working in Partnership with other agencies

Policy statement

We work in partnership with local and national agencies to promote the well-being of all children.

Procedures

- Procedures are in place for sharing of information about children and families with other agencies. These are set out in the Ethical Information Sharing policy, Safeguarding policy and procedures and the Special Educational Needs & Disability policy.
- Information shared with us by other agencies is regarded as third party information. This is also kept in confidence and not shared without consent from that agency.
- When working in partnership with staff from other agencies, we make those individuals welcome in the setting and their professional roles are respected.
- We follow the protocols for working with agencies, for example on child protection.
- Staff from other agencies do not have unsupervised access to the child they are visiting in the setting and do not have access to any other child(ren) during their visit.
- Our staff do not casually share information or seek informal advice about any named child/family.
- When necessary, we consult with local and national agencies who offer a wealth of advice and information that help us develop understanding of issues facing us and provide support and information for parents. For example, ethnic/cultural organisations, drug/alcohol agencies, welfare rights advisors or organisations promoting childcare and education, or adult education.
